

Dear our Special Invitee

A unique Clean-up program “**Swaccha Samudra, Swastha Samudra**”, at Alvedande, 16th March 2018, from 3.00 pm to 4.30 pm has been organised by *Khushi Parisara*, Kumta. We believe that your presence and intervention will strongly help this initiative to take a step further.

This first **Ocean Awareness** program planned at Kumta, intends to alert the policy makers, as well as the general public, about the problem of systematic dumping of waste into the water bodies, thus urging the need for accurate policy to safeguard our Oceans.

Despite the progressive municipal waste collection system in place, a large amount of waste is still dumped in all water bodies and open drains, which finally reaches the Ocean.

Through a seashore clean-up, we urge the local governance to strictly enforce the Solid and Plastic Waste Management Rules, and stop the trash entering the Ocean.

*Dayanilaya*, a school for differently challenged children in Kumta has partnered this program with a tagline that is indeed a serious appeal to mindless trashers:

**“IF WE CAN CLEAN, CAN’T YOU STOP TRASHING?”**

**BRING YOUR IMPACT TO IT!**

**COME AND BE PART OF THIS VENTURE!**

**Our partners - Kumta**
