KP

To the kind attention of the  
Honorable Regional Officer  
Mr. Santosh,

Since many years (2016) that Khushi Parisara is bringing to the attention - and action - of governors and environmental District bodies the huge unmanaged wastes issues at Kalbhag Gram Panchayat.

The disasters we are witnessing at the coast has a long and tremendous input from Kalbhag GP.

The abandoned fishnets at the seashore and backwaters, the huge amounts of disposed waste at Highway 66, at all roads and paths, at the long backwaters, at the "porting" place, everywhere, daily display the still ungoverned rampant debacle.

Khushi Parisara requests a strict, deep and wide inspection of the GP area and the coordination of the departments responsible for this constant and heavy violation of all the environmental SWM Rules to urgently reverse the situation.

Looking for your kind attention and return,  
Kindly accept our best greetings

Ana S.

President
